How do I stay
COVID SAFE?

5 steps to keep yourself and your community COVID safe:

- Get tested as soon as you have any symptoms.

- Stay home unless you are going out for essential reason

- Check that your destination is COVID safe to visit

- Wear a mask, social distance and practice good hygiene when you go out

- Get vaccinated as soon as you can

Taking responsibility for your safety and the safety of your family can help protect your entire community.
